Research Interests

Microeconomic Theory, Information Economics

Education

Renmin University of China — Beijing, China
B.S. in Mathematics and B.A. in Economics — 2023 – 2027 (expected)

- GPA: 3.89/4.00
- Selected Coursework: Stochastic Processes (98), Econometrics (97), Functional Analysis (96), Real Analysis (Measure Theory and Integration) (96), Game Theory (96), Mathematical Statistics (96)

Work in Progress

Voluntary Simultaneous Price Discounting — 2026
(with Zhonghong Kuang and Dong Wei)

Research Training

Research Assistant to Zhonghong Kuang — 2025 – 2026

Theory Reading Group at Renmin — 2024 – Present

Teaching

Teaching Assistant at Renmin
Functional Analysis (Instructor: Tianjia Ni) — Fall 2026
Theory of Industrial Organization (Instructor: Zhonghong Kuang) — Fall 2025, Fall 2026

Service

President, Ruichen Academic Society — 2026 – 2027
Academic student society for economics, finance, and business at Renmin

Awards and Honors

Undergraduate Research Grant, Beijing — 2025

Scholarship for Outstanding Students in Integrative Innovation, ICBC

Finalist, COMAP's Interdisciplinary Contest in Modeling — 2024

Academic Excellence Scholarship, Renmin

Skills

Languages	Mandarin (native), English (fluent), Hakka Chinese (native)
Standardized Tests	TOEFL: 5.5/6.0 (R6, L6, S5, W5.5) GRE: 331 (Quant 170, Verbal 161)
Mathematics	Measure Theory, Functional Analysis, Stochastic Processes
